

Product Sheet RHYNOGRIP FILM LINE

RHYNOGRIP FILM LINE

The ultimate choice for the finest micro finishing surface preparation

Polyester film
backing

Exceptionally smooth finishing and
increased tear resistance

Advanced dust
extraction

Surface preparation

Performance

Product Sheet

RHYNOGRIP FILM LINE

Features and Benefits

Nylon grip backing system	>>	Quick & easy to fit
Highly resistant backing	>>	Crease & tear resistant
Uniformity of scratch pattern	>>	Optimum substrate preparation
High strength resin bond	>>	Minimal grit shedding
Advanced technology clog resistant coating	>>	Extended working performance

Substrates

Gel Coat

Primers

Top Coats

Clear Coats

Fibre Glass

Solid Surface

Wood Coatings

Applications

Sanding / Preparation

Fine Sanding

Sanding for Blending

Micro-finishing / Rectifying

Product Sheet RHYNOGRIP FILM LINE

Suited for

Automotive Refinishing

Composite Industries

Wood & Furniture

Available forms

DISC

Fastening

GRIP

Type

DRY

Technical Specifications

Backing	Polyester Film with velour				
Grit	P 600	P 800	P 1000	P 1200	P 1500
Lubricant Coating	✓	✓	✓	✓	✓
Abrasive	Special Aluminium Oxide				
Bonding	Modified Synthetic Resins
